

LG Versa™

The new LG Versa™ is the runaway favorite for MVP—Most Versatile Phone. Thanks to next-generation technology, the home screen is transformed into a sizzling, animated 3D user interface. Quickly customize up to 3 different home screens with your favorite features, apps, or contacts. Make your move...the built-in accelerometer rotates screens automatically from portrait to landscape or controls games using rotation movements. The slim, sleek bar design with an elegant chrome border stands out from the crowd. Also at your fingertips: a 2.0 megapixel camera with flash and camcorder, optional attachable QWERTY keypad, integrated music player optimized with *Bluetooth*® stereo capability, microSD™ memory port, visual voicemail, HTML web browsing, and RSS feed support. If you're looking for smart technology, sophisticated style and the ultimate in versatility, take a good look at the new LG Versa.
